

# About Operation Ripple

Sovereign Freedom Outpost (SFO)

**SFO** is a digital-rights initiative focused on lawful transparency, privacy, and informed consent. We operate secure, verifiable public infrastructure hosted in Iceland and maintained by independent volunteers.

Operation Ripple

**Operation Ripple — The Right to Object** is a public-awareness project designed to help individuals understand and lawfully exercise their rights under **Article 21 UK GDPR**.

It provides accessible resources — guides, templates, and secure upload options — to support peaceful, lawful objection to intrusive or unjustified data processing.

Our Principles

- Truthful • Transparent • Verifiable
- Lawful • Peaceful • Educational
