

Article 21 Right to Object (v2)

Use this template to object to excessive, unclear, or unnecessary data processing.

The Digital Identity & Attributes Act 2023 does not remove or override Article 21.

--- TEMPLATE START ---

Subject: Article 21 Right to Object – Request for Pause & Assessment

Dear [Organisation Name],

I am exercising my Right to Object under Article 21 of the UK GDPR.

The data processing you are carrying out appears excessive, unclear, or not strictly necessary for the stated purpose.

Under Article 21, please pause this processing while you assess my objection.

Your assessment must demonstrate compelling legitimate grounds that override my rights and freedoms, or that the data is required for a legal claim.

If you cannot demonstrate this, the processing must stop.

Please confirm:

1. The lawful basis you rely on
2. Why this data is necessary and proportionate
3. Whether processing has been paused during assessment

Thank you for acknowledging this request.

Yours sincerely,
[Your Name]
