

## Pushback Response (v2)

Use this if an organisation replies with a generic or dismissive response.

--- TEMPLATE START --

**Subject: Re: Article 21 Objection – Inadequate Response**

Dear [Organisation Name],

Thank you for your reply.

**It does not address the requirements of Article 21. Please note:**

- The Digital Identity & Attributes Act 2023 does not override Article 21 rights.
- You must pause processing while assessing my objection.
- A generic statement of “legitimate interest” is not sufficient.

Please provide:

1. A detailed, specific justification showing compelling legitimate grounds
2. Confirmation that processing has been paused
3. Your DPIA (if applicable)

If you cannot demonstrate lawful grounds that override my rights, the processing must stop.

Yours sincerely,

[Your Name]
